TAP-R MODEL

DELIVERY OF REAL LEARNING

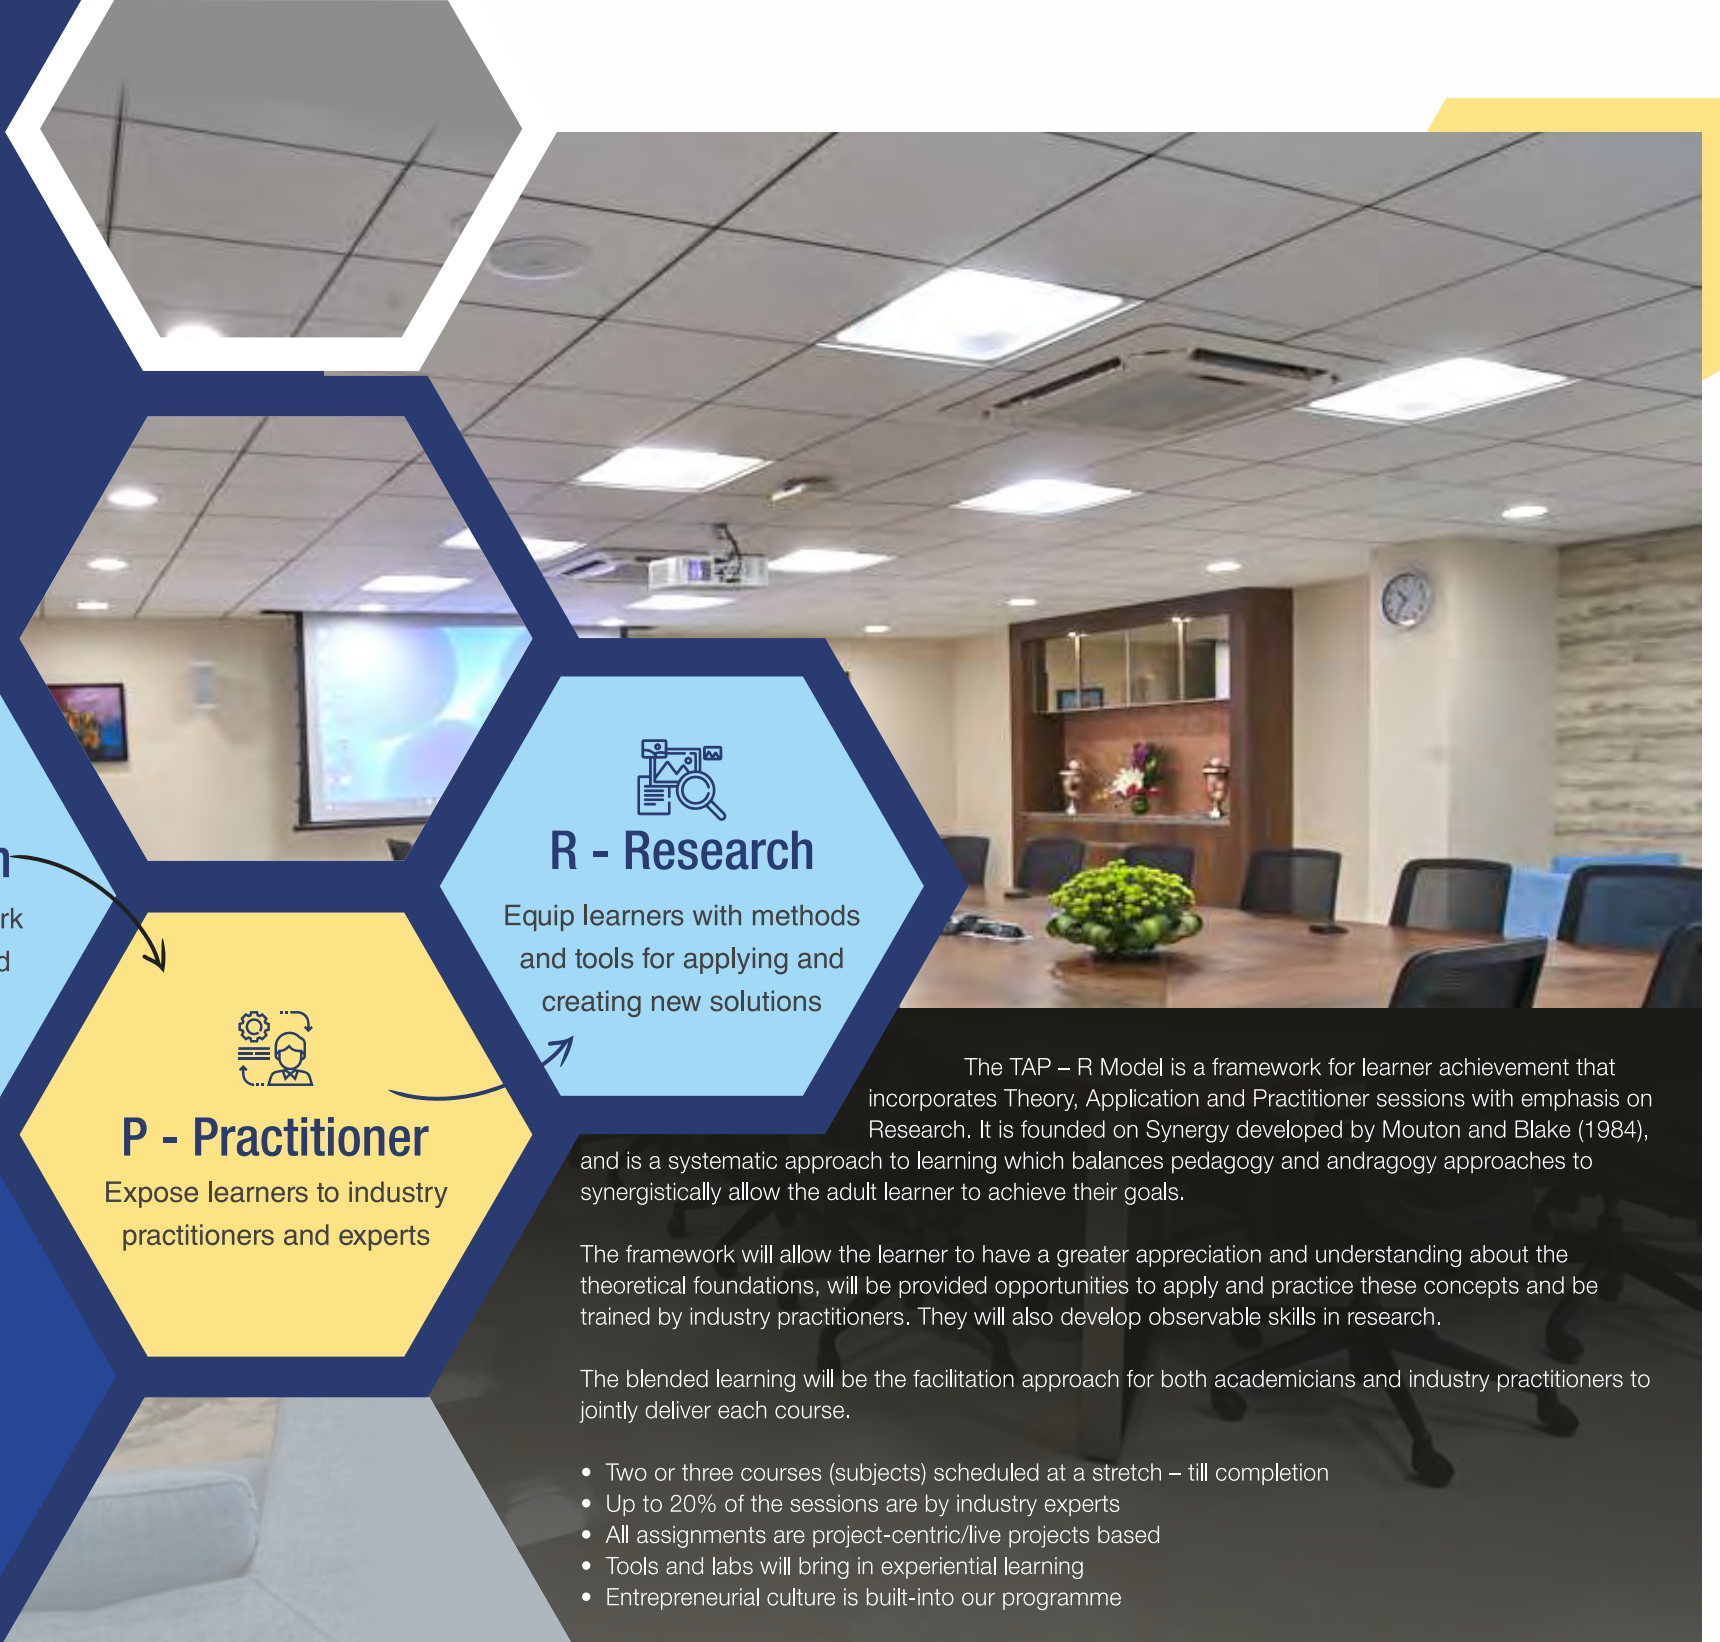

The TAP – R Model is a framework for learner achievement that incorporates Theory, Application and Practitioner sessions with emphasis on Research. It is founded on Synergy developed by Mouton and Blake (1984), and is a systematic approach to learning which balances pedagogy and andragogy approaches to synergistically allow the adult learner to achieve their goals.

The framework will allow the learner to have a greater appreciation and understanding about the theoretical foundations, will be provided opportunities to apply and practice these concepts and be trained by industry practitioners. They will also develop observable skills in research.

The blended learning will be the facilitation approach for both academicians and industry practitioners to jointly deliver each course.

- Two or three courses (subjects) scheduled at a stretch – till completion
- Up to 20% of the sessions are by industry experts
- All assignments are project-centric/live projects based
- Tools and labs will bring in experiential learning
- Entrepreneurial culture is built-into our programme

CAREER SUCCESS AND FULFILMENT

We at CMS Business School believe that education should involve learning life skills that a graduate will carry with them in order to navigate through their careers. The career enhancement programmes offered at CMS Business School are delivered with an innate focus on the overall development of students and thereby improve the placement record of students in organisations of repute.

DIVERSE PERSPECTIVES

CMS Business School's position at the heart of one of the global start-up hubs makes it an ideal destination for students from every continent.

I've been a part of the JAIN Group since 2015, and the journey has been amazing. The placement cell has always strived enough to get the best companies and helped students in the best way possible. The teaching staff at CMS Business School is exemplary. Mr. Praveen Gujjar from the Business Analytics domain is one name that I would specifically like to mention for his dedication towards students. I will thrive and cherish these moments eternally.

Sai Kushal T R
Business Analyst | Firstsource Solutions Limited

The MBA programmes at CMS Business School are career-shaping and the exposure provided here has improved my communication, leadership, teamwork, and presentation skills have improved. I made professional, academic, and personal progress. The guidance of the placement cell helped me land a job with a reputable company. I will always be grateful to JAIN (Deemed-to-be University) for my transformation and time here.

Skandan Sheshadri
Probationary Officer in Scale | Federal Bank

The CMS Business School of JAIN (Deemed-to-be University) has always believed in supporting and assisting students on their path to success. They used to provide extra training outside of the usual lessons, which helped us with our technical abilities and aptitude and made it much easier for us to ace the interview. My placement at such a reputable organisation was made possible by the guidance and support we received from the placement cell at every level.

Santhosh Holla V M
Consultant | Grant Thornton

CMS Business School is among the finest b-schools and during my time here, I was not only transformed into a professional but also taught life. Regular presentations and the L.E.A.D programme contributed significantly to personality development. My professors and the college helped with the practicals and lab work that I had to do as a Business Analytics student. I made good friends here and will always cherish the memories I made here.

Ishaan Modawal
Associate Consultant | Oracle

CMS Business School is known for its academic excellence. During my journey of 2 years at the institution, I have acquired valuable knowledge and enhanced my skills. Additionally, the infrastructure is excellent, and the placement cell has provided us with everything required to advance our careers.

Yashika Kalra
Senior Associate | Genpact

My experience at JAIN (Deemed-to-be University), CMS Business School is great and memorable. The mentors at CMS Business School helped me enhance my academic and interpersonal skills. I am thankful to the Training & Placement cell for providing a platform to enhance my skills and an opportunity to showcase them.
