## DIRECTOR'S MESSAGE

The Indian Institute of Forest Management (IIFM), Bhopal is a leading sectoral management institute in the country over the last four decades. It is an autonomous institute under Government of India, Ministry of Environment, Forest and Climate Change actively engaged in providing leadership in professional forestry management aimed at environmental conservation and sustainable development. It stands by the country's commitment towards a sustainable lifestyle and creating additional carbon sink through enhancing forest and tree cover. The 230 acre sprawling campus, located on a hill-top having natural and man-made forests, grasslands, award-winning architecture of academic blocks and student hostels help create an unparalleled educational experience.

The Post Graduate Diploma in Forestry Management (PGDFM) is a two-year master's level program offered at IIFM since 1988. Without compromising on the principles of business and functional areas of management, the curriculum includes sectoral areas such as business responsibility and sustainability, nature based solutions, forestry, ecosystem and environment management, community management, rural livelihood, corporate social responsibility, climate action, carbon markets and financing etc. The curriculum and pedagogy that keeps evolving to cater to the scope and challenges of the ever changing world around us. Our students are further provided with the flexibility to choose elective courses that shape their career in the field of their choice, enabling them to focus on varied functions in the environmental sphere, while seeing the bigger picture. I

firmly believe that our approach prepares them for future leadership roles in this burgeoning sector.

The PGDFM course is taught by a multi-disciplinary team of faculty and experts drawn from different fields viz. financial, marketing, human resources and strategic management to niche areas in carbon finance, sustainable development, agroforestry and wildlife ecology. We have a proud tradition of creating opportunities for our students to have regular interactions with experienced practitioners through our immersive field and project work. In addition, we have internships with a wide variety of organizations from international multilateral agencies, state/central governments organisations, NGOs, consulting firms, industries to the corporate world. Students learn as much from sharing these experiences with each other as from regular classroom sessions.

Over the years, the PGDFM program has produced highly successful alumni. Our alumni are leading professionals and have a presence in industries, government, international organisations, premier academic institutions, corporate and development sectors. They have also been successful entrepreneurs.

With great pride and joy, I would like to introduce you to our 34th batch of PGDFM students, extend a warm welcome to your esteemed organization, and look forward to host your team on our campus for placement interviews.

**Dr. K. Ravichandran, IFS**  
Director, IIFM

**“In India and all over the world, our alumni are in positions of responsibility in various sectors, which is a testament to the strength, uniqueness, and relevance of the PGDFM program.”**

## PLACEMENT CHAIRPERSON'S MESSAGE

Post Graduate Diploma in Forestry Management (PGDFM) programme of IIFM, has evolved continuously and serves both industrial and development sectors.

IIFM faculty members are working in various national committees, projects and policy works. Leading industries regularly engage IIFM for important assignments. These skills are passed on to the students through field attachments and classroom discussions.

The pool of managerial talent nurtured at IIFM is selected by a rigorous entrance process and examining aptitude for the sector. Each batch represents many states and diverse ethnicities. The institute appreciates the fact that the professionals of natural capital need to understand other capitals as well, to fit into in the challenging settings of businesses.

For the last quarter-century, our students have achieved success in various sectors. In India and all over the world, our alumni are in positions of responsibility which is a testament to the strength, uniqueness, and relevance of the PGDFM programme.

I am excited to present to you the current batch of students of Post Graduate Diploma in Forestry Management (PGDFM). We look forward to addressing your concerns and queries about the campus recruitment process.

**Sharadindu Pandey, Ph.D.**  
Chairperson, Placements and Internships

# ABOUT IIFM

Established in :

**1982**

**The Indian Institute of Forest Management, Bhopal is an autonomous institution under the Ministry of Environment, Forest and Climate Change, Government of India.**

It was established as a response to the National Commission on Agriculture's recommendations. These recommendations sparked an alliance with the Indian Institute of Management, Ahmedabad, through which the IIFM's philosophy and raison d'être were developed. The Swedish International Development Agency also made a financial and technical contribution to the Institute's establishment. Since its foundation, IIFM has been home to some of the brightest young minds in the profession, who are continually increasing the standard of excellence in natural resource management and sustainability.

The lush green campus of IIFM is surrounded by Kaliasot reservoir dam, giving it a panoramic setting. The programme curriculum includes all management courses as well as subjects such as the environment, sustainability, wildlife management, social development, CSR, financial inclusion, data analytics and many more. With the changing landscape of increasing knowledge and sensitivity to the Triple Bottom Line of business, IIFM today creates socially and environmentally responsible professionals for the corporate, government and development sectors.

# WHY RECRUIT US?

## Industry Relations

To bridge the gap between theoretical knowledge, on-ground reality, and real business settings, campus connect and alumni interactions are key elements of the value proposition at IIFM. Students get to interact with experts from diverse sectors on a wide range of different topics. These discussions culminate in in-depth learning, giving students exposure to the challenges and opportunities in diverse sectors. This provides them with an extra edge and allows them to get prepared with the necessary tools required to flourish in a competitive business world. It also helps students to explore avenues and paths that they might not have known before.

## Knowledge Capital

The highly demanding curriculum and multifaceted exposure of PGDFM have made our students capable on both the personal and professional fronts. A curriculum designed to provide a comprehensive understanding of the entire discipline has aided in developing leaders capable of tackling environmental, economic, and social challenges with equal assurance. The unique pedagogy at IIFM with a balanced blend of academic rigor and social consciousness molds professionals who can create extensive, sustainable value in dynamic business environments. What the world thinks tomorrow, IIFM thinks today.

## Practical Exposure

Our students are equipped with an academic experience and practical knowledge that is pertinent to their bright career paths. The summer internship, field immersion programme and project work contribute significantly to shaping leaders with multi-dimensional business mindsets. The practical exposures enable our students to understand issues from multi sectoral perspectives, capacitating them to understand, evaluate and promote sustainable business practices all the while keeping communities at the core.

## Culture

IIFM is not only a repository of knowledge but also an abode of diverse thoughts and ideas. Our faculty with expertise in a wide range of specializations along with our extensive network of prestigious alumni, make our culture a unique one forged in warmth, cooperation, open-mindedness, and inclusivity. The various extracurricular activities organized through the different clubs and committees provide a platform to hone leadership and managerial abilities. This culture of ours, which includes a number of perspectives, a plethora of ideas, and unending passion for purpose, enables our students to be at the crest of the wave irrespective of which path they choose to take.

# INSTITUTE'S ACTIVITIES

## 11 Centres of Excellence

- 01 Centre for Climate Change Studies
- 02 Centre for Corporate Social Responsibility
- 03 Centre for Ecological Services Management
- 04 Centre for Forest Based Livelihoods and Tribal Studies
- 05 Centre for Forest Hydrology
- 06 Centre for Human Wildlife Conflict Management
- 07 Centre for Policy Studies
- 08 Centre for Sustainable Forest Management & Forest Certification
- 09 Centre of Excellence for IIFM-Industry Interface for Sustainable Development
- 10 Geo Informatics Centre for Forestry, Climate Change and Livelihood Support
- 11 International Centre for Community Forestry

### Research

Learning is uninterrupted at IIFM. The institute continuously works to advance the boundaries of practical research in the fields of development, environment, forestry, and natural resource management. The institute is fully committed to its goal of being the torch-bearing institute of natural resource management. Various national and international organisations, including the Ministry of Environment, Forest and Climate Change, Department of Science and Technology, Ministry of Textiles (GoI), State Forest Departments, ITTO, FAO, IDRC, DFID, Ministry of Rural Development (GoI), UNDP, GIZ, and World Bank, are funding the research projects.

### Consultancy

The faculty at IIFM is qualified to deliver consultancy services in the fields of forestry, environment, and natural resource management owing to their multidisciplinary knowledge. The consulting projects are offered to a broad range of clients and cover disciplines including ecology, environmental economics, socio-economic studies, human resource management, finance, and forest certifications.

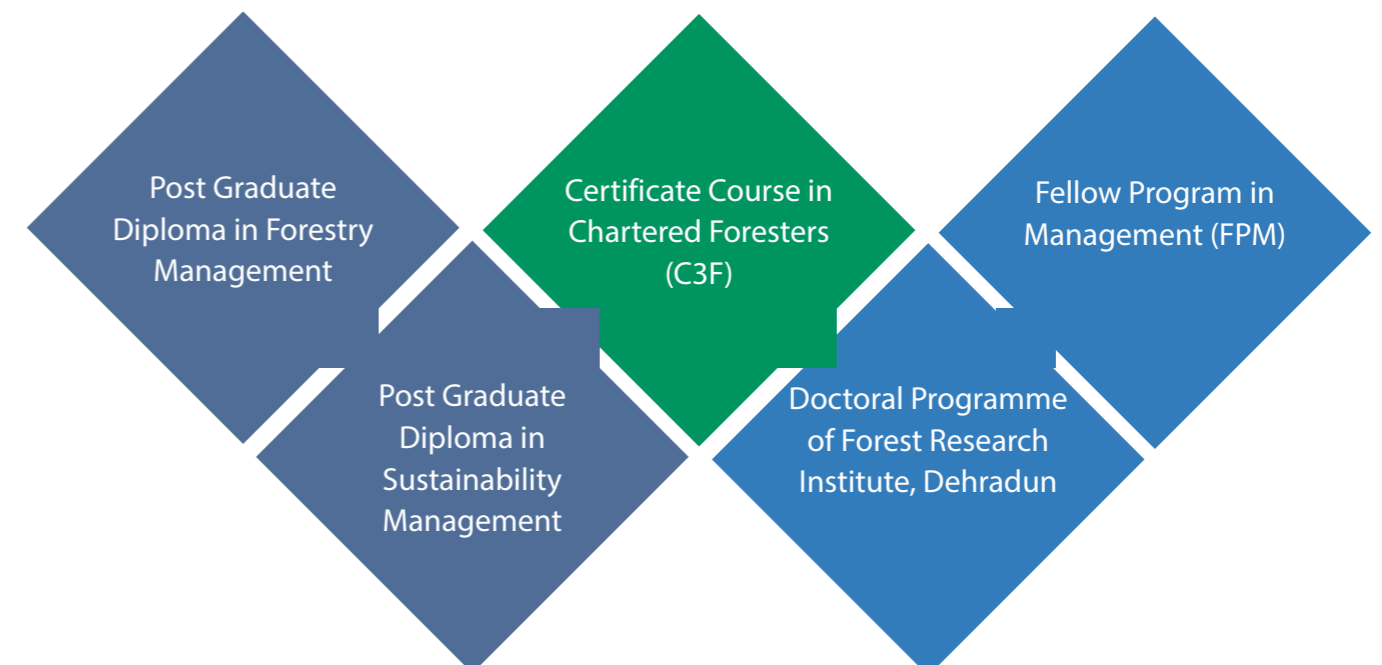

### International Linkages

IIFM often takes part in a range of international activities, such as international symposia workshops. In addition, it has worked on academic projects with groups like the ITTO, FAO, UNDP, USFS, IDRC, World Bank, Cambridge University, and the Oxford Forestry Institute, to mention a few.

### Training and Management Development Programmes

The constantly shifting socioeconomic environment necessitates that managers and administrators keep their skill sets up to date. The institute provides managers, foresters, and policy makers in various government, non-government, and forest-based enterprises in India and other Asian nations with a variety of action-oriented MDPs.

### Academic Programmes

# INFRASTRUCTURE

## Campus

The architectural design of IIFM's campus is inspired by the historical town of Mandu and the architect, Anant Raje, won a national award for the design. Spreading across 230 acres, its located on a lush green hilltop surrounded on three sides by water bodies, and is known for its wide diversity of flora and wildlife due to its diverse ecosystems. The main building includes the Academic Building, Library, Computer and GIS Centre, Hostel, Student's Mess, and the Administration and Accounts wings. The Academic Building of IIFM includes classrooms and seminar rooms equipped with video conferencing facilities.

## Library and Computer Centre

"Vidhya Bharti" library supports users with its wide range of collection of knowledge resources and innovative information services. The IIFM Library has the latest print and digital holdings. The library subscribes to periodicals including newspapers, magazines and foreign journals. The library provides access to online full-text journals and several abstracting databases. It has obtained institutional membership of the National Digital Library, DELNET and MANLIBNET. The library also subscribes to online databases, namely Science Direct, EBSCO, J-Gate, Emerald Marketing e-journals collection, Prowess and Indiatat database for facilitating usage through online access of information.

## Hostel, Guest House and Mess

Three hostel blocks namely, Nilgiri, Vindhyachal and Aravalli, having 112 fully furnished rooms are available for accommodating boys and girls separately. The hostel rooms are provided with Internet facility through LAN and Wi-Fi. Guests are accommodated in a separate building with fully equipped rooms and dining amenities. The mess at IIFM is managed by the students and is capable of serving 300 people at a time with nutritious and wholesome food.

## Sports Facilities

A wide range of sports facilities are available on campus including Badminton, Lawn Tennis, Table Tennis, Cricket, Football, Volleyball, Basketball, Carrom, Chess and Gym. Intra-institute sports tournaments are organized regularly and the Institute participates in "IRIS-Ranbhoomi" by IIM Indore, MANIT Bhopal and The All-India Forest Sports and Games Meet organized by MoEFCC, GoI. Here at IIFM, every goal scored is cheered, every run scored is applauded and every point won calls for a celebration.

Spreading across

# 230 acres,

its located on a lush green hilltop bordered on three sides by water bodies, and is known for its wide diversity of flora and wildlife due to its diverse ecosystems.

# COURSE STRUCTURE

## Term I

- Quantitative Techniques
- Managerial Computing
- Accounting for Managers
- Marketing Management
- Foundations for Forest Management
- Society & Polity
- Critical Thinking
- Soft Skills
- Ethos of Conservation

## Term II

- Financial Management
- Micro Economic Analysis
- Business Communication
- Organisational Behaviour
- Supply Chain Management
- Climate Change, Adaptation & Mitigation
- Design Thinking
- Emotional Intelligence

## Term III

- Foundations of Sustainable Development
- Macro Economic Policy & Analysis
- Management Information Systems
- Research Methods & Business Analysis
- Human Resource Management
- Strategic Management
- Leadership
- Ethics

## Term IV

- Laws & Conventions of Forest & Biodiversity
- Entrepreneurship
- Any 5 Electives:**
- Advanced Data Analysis
- Applied Agroforestry
- Corporate Social Responsibility and Governance
- Commercial Banks: Operations, Risk Management & Marketing of Products & Services
- Economic Modeling for Forest & Environment
- Ecotourism and Nature Conservation
- Financial Technology & Blockchain Technology
- Integrated Water Resource Management
- Micro Finance and Financial Inclusion
- Renewable Energy Management
- Social and Rural Marketing
- Social Ecological Systems Approaches to Ecosystem Management
- Social Impact Assessment
- Sustainability and Green Marketing
- Visual Analytics

## Term V (Any Five)

- Climate Finance & Carbon Markets
- Communication for Development
- Data Analysis through Applied Econometrics
- Disaster Risk Management
- Financial Modeling using Excel
- Forest Landscape Restoration
- Impact Evaluation
- International Business
- Management Science Methods for Decision Making
- Medicinal Aromatic Plants and Enterprise Development
- Metrics and Reporting of Business Responsibility
- NGO Management
- NRM for Rural Development
- People, Parks & Wildlife
- Project Management
- Rural Adaptation Strategies
- Sustainable Finance
- Sustainable Forest Management & Forest Certification
- The Economics of Development and Growth Models
- Wildlife Conservation and Management
- Wood Technology and Management

## Field Work

The fieldwork component of the programme is designed with following objectives:

- Provide first hand exposure to the functioning of an organization.
- Relate classroom learning concepts and skills with real life management situations.
- Learning through on the job experience

The field work component is scheduled after Term II in the first year which is of four-week duration. It sensitizes the students to the intricacies of micro-finance, marketing, livelihood, natural resource management, functioning of forest based industries and the developmental issues of the tribal and rural poor.

## Summer Internship

Summer Internship is an integral part of the PGDFM programme and an opportunity for the students to be exposed to real life situations and to be immersed in diverse work environments.

Students are attached to various corporate houses, government agencies and National and International development agencies to work on independent projects.

A large number of organizations have been participating in Summer Internship every year. This year IIFM hosted a good mix of organizations from multiple sectors.

## Project Work

Project Work enables the Students to align themselves towards the sector/ industry of their choice/ interest. This provides Students with an ecosystem where they get to enhance their capabilities/ skill-sets with an objective to meet the Industry/ Sectoral Requirements.

# SDGs RELATED WITH IIFM

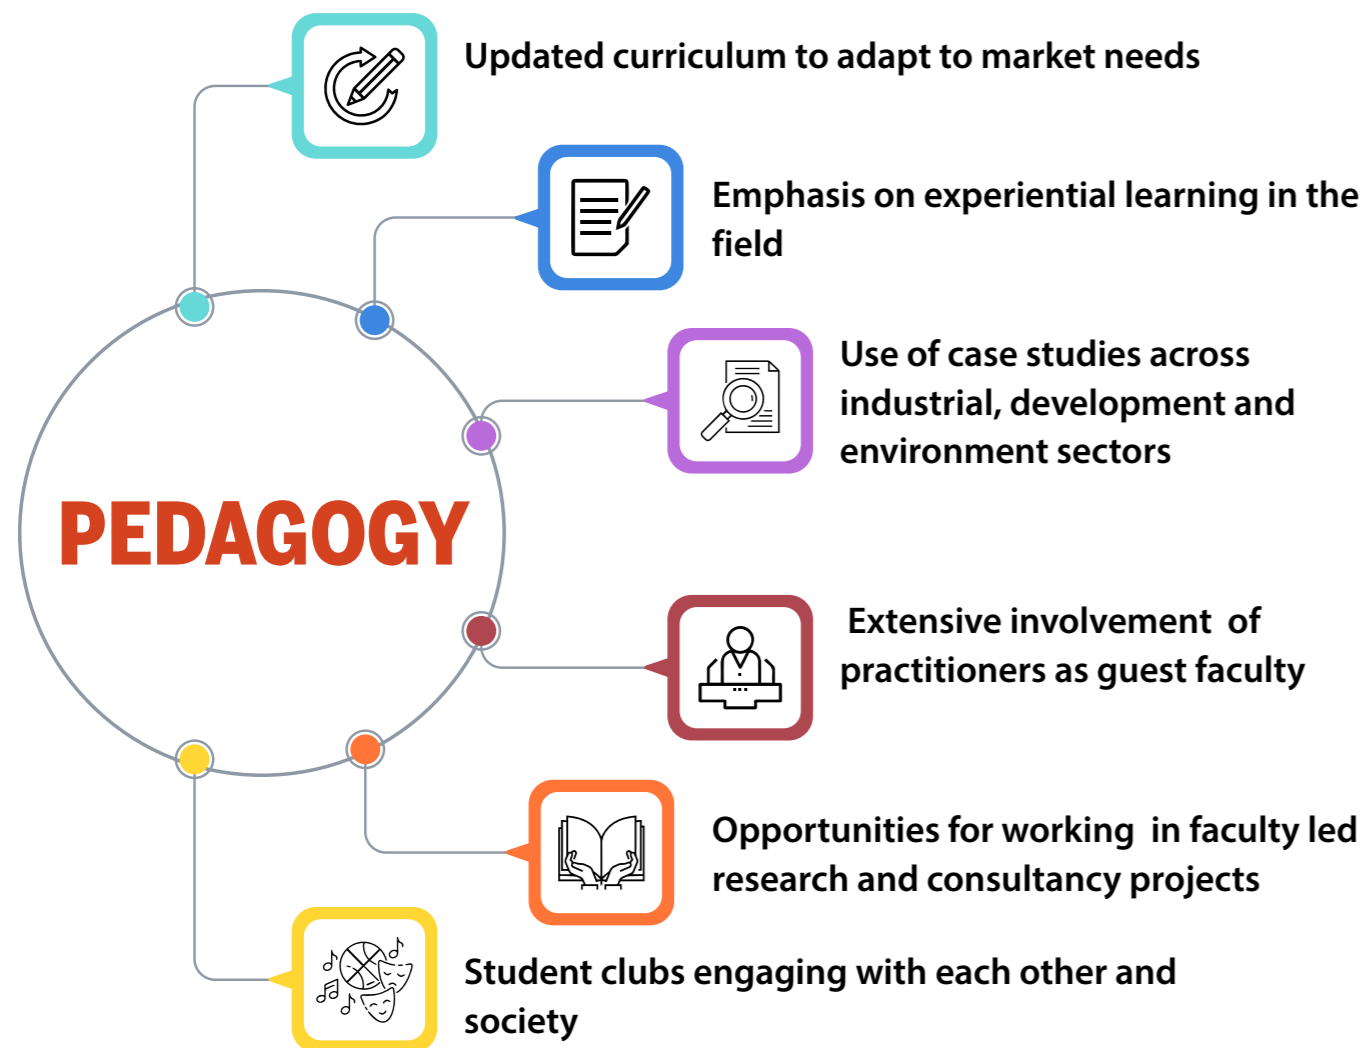

The Sustainable development goals (SDGs) are a collection of 17 interlinked global goals designed to be a shared blueprint for peace and prosperity for people and the planet, now and into the future. The SDGs came into existence after much thought and deliberation among various stakeholders, as it tried to cover all aspects of life and created a vision for a more sustainable and inclusive future for humanity. The goals are multi-faceted in nature, covering the broad aspects of environment, climate change, inequality, livelihood etc. IIFM has always strived for sustainability in use of natural resources and inclusiveness in society. IIFM follows the progress of SDGs since its inception in 2015, and have designed our course structure and pedagogy in such a way that we can cover all 17 goals. Apart from being in touch with the basic management principles, IIFM is focused on covering all SDGs and passionate to work towards building a better world.

## Knowledge Areas

**Financial Management, Marketing Management, Strategic Management, Human Resource Management, Quantitative Techniques and Information Technologies**

**Sociology & Community Development, Environmental & Developmental Economics, Technical Forestry, Communication & Extension Management, Ecosystem & Environment Management**

- Goals 1, 2, 3 & 6: Basic Needs of Humanity (covered through Sociology & Community Development and microfinance and small finance)
- Goals 4, 5, 8 & 10: Tackling inequalities in the world (through Sociology & Community Development, Environmental & Developmental Economics, Communication and Extension Management)
- Goals 7, 9, 11 & 12: Sustainable Growth (through the ideas of sustainable development and equitable distribution of resources)
- Goals 13, 14, 15: Protecting the environment and tackling climate change (through study on environment & ecosystem management and technical forestry)
- Goals 16 & 17: Peace and Partnerships

# FACULTY

## Ecosystem & Environment Management

# STUDENT ACTIVITIES

## Meraki – The Literary Club

Nurturing students' intellect and creativity, the Literary Club helps in bringing out their talents in various forms of literature. The Club conducts various events like Poetry Competitions (Nazm-E-Nama), Debates, Turn Coat (extempore), Taboo Talks, etc. which help students enhance their public speaking skills and encourage them to develop new ideas and think critically.

## Swaruchi - Student Mess Committee

Swaruchi-The Mess Committee is responsible for managing and operating IIFM's entirely student-run mess. It manages all aspects of mess to cater to the needs of students from across the country. The mess committee gives students a chance to hone their skills of accounting, supply chain management, PR, time management, and quality control.

## Nature and Photography Club

The club provides the platform to observe and learn from nature and spread the value of conservation and to create an environment conducive for budding photographers where they can sharpen their skills and make a difference with the help of effective pictures. The club conducts activities like walking on nature trails, bird watching, cleanliness drives, photography competitions, etc.

## Public Relations Cell

The Public Relations Cell is responsible for all student related external and internal communications. The Cell manages media relationships by covering various events, preparing press releases, social media handles and designing campaigns. It aims to position and popularise the PGDFM brand across a variety of platforms.

## Umang – The Cultural Club

The club is about appreciating various art forms, improving interpersonal and managerial skills, and social bonds by bringing together and celebrating the diverse cultures of the nation. Dedicated to convivial gatherings, it brings colours to the campus and rejuvenates the institute. It organizes different festival celebrations and cultural events like Monsoon Night, Garba Night, Holi, etc.

## Pratibimb – The Dramatics Club

The Club stages plays and dramas throughout the year in and out of the institute. It also screens movies on weekends to provide much-needed relaxation to students after hectic weekdays. It gives wings to the students to express themselves freely, which adds to their confidence, imagination, empathy, cooperation and communication.

## Alumni Network Committee

As the tagline goes, "Our network is our net worth" and it is imperative for this network to be sustained and enhanced. This is where the Alumni Network Committee (ANC) comes in. It is a student body working towards ensuring that every student of the batch is provided with an opportunity to initiate a relationship with the alumni and be able to sustain it through several interactions. It is through ANC that students of IIFM interact with the alumni through various sector specific events (inviting alumni specializing in that sector), guest lectures (also serving the purpose of staying updated with the skills currently in demand) and creating many more such avenues of interaction with them.

## Climate Change and Environment Core Competency Cell (C2EC3)

The C2EC3 creates opportunities for leveraging the intellectual capital of leaders, domain experts, and IIFM alumni who have created new benchmarks in this area. The cell organizes interactive sessions with personalities who have carved a niche for themselves and have made a mark in the areas of conservation, environment and sustainability.

## Samarthya - The Sports Club of IIFM

The sports club at IIFM has always been successful in inculcating team spirit and encouraging every student to participate. The club represents IIFM and its incredible sportsmanship in various events across the country including the National Forest Meet and also conducts competitions.

## Zest - The Adventure Club

Zest's mission is to provide students with a platform to develop their leadership, teamwork and grit to gear them for the adventures of life. The club encourages people to step out of their comfort zone and harness their strength and endurance to explore the wonders of nature.

# TESTIMONIALS

*IIFM provides a unique blend of business acumen, social sensitivity, and environmental responsibility through a well-balanced academic and field-oriented curriculum. Special emphasis on imbibing cutting edge technology in relevant areas make it sparkle further. No surprise, the students always have a fresh perspective to offer when they align themselves with the developmental goals of ambitious and innovative organizations.*

**Jayant Prakash**  
PGDFM (2003-05)  
Director – Business Consulting  
Ernst and Young LLP, India

*IIFM has played a significant role in my overall professional development. The diversity of courses, unique campus atmosphere, good faculties and practical exposures provided through field visits and internships went a long way in preparing me to sync with a not so easy professional world. An IIFM pass out has greater choices due to dealing with diverse courses related to general management, social development, natural resource management, etc. These key factors make IIFM not only unique but also among the best and thus one can be assured of the quality deliverables which students from here can offer.*

**Siddhartha Das**  
PGDFM 2002-04  
Regional Coordinator for Asia & Pacific, Sanitation and Water for All (SWA)-Hosted by UNICEF New York

*The rich curriculum guides the students to develop strong data analysis and research skills and nourishes the overall potential of students so that they contribute effectively in their choice of career.*

**Arshi Adil**  
PGDFM 2013-15  
Manager  
Financial Inclusion Microsave Consulting

*PGDFM graduates from Indian Institute of Forest Management (IIFM) are known to have performed exceedingly well across organizations and sectors. We have had multiple recruits at Kantar (formerly IMRB International) from IIFM and almost all of them have gone forth to become amazing market researchers and marketing consultants. I have personally worked with, and supervised, one of a very amazing IIFM products in the past and, therefore, I had no hesitation in offering a summer internship opportunity for the current batch of PGDFM.*

**Rahul Bharadwaj**  
PGDFM 2006-08  
Founder & Principal Consultant  
Ayvole Insights Private Limited

*IIFM provides a fantastic platform to learn about the nexus between development and environment and how they can be in parallel with right business models. The time spent at IIFM is precious and I believe it's one of its kind pedagogies that balances the class work and field exposure for holistic learning. The institute prepares one for taking challenging managerial roles. Today I am heading my venture into solar energy and IIFM has a major role to play in my success.*

**Nitu Goel**  
PGDFM 2004-06  
Founder (Truesun Energy Solution Private Limited)

*IIFM through its distinctive curriculum offers unmatched blend of conventional management education conjugated with ever changing modern requisites. The pedagogy is exceptionally devised to prepare growth-oriented management professionals keeping sustainability at the forefront.*

**Lalit Kumar**  
PGDFM 2010-12  
Associate Director -Commercial Banking  
Standard Chartered Bank

*With a very nuanced understanding of a diverse range of topics, IIFM graduates have brought a very unique perspective and right mix of skills to address challenges in business sustainability and sustainable development goals. They have shown a very remarkable ability to learn and adapt to different challenges. As businesses focus on climate change and ESG, IIFM graduate's skill-sets and training become even more valuable and relevant.*

**Santosh Singh**  
PGDFM 2004-06  
Director and Head- Energy  
Climate Change and Agriculture, Intellecap

*In the past few decades, IIFM has succeeded in evolving as a management institution that stands apart in so many ways from other institutions. The well-rounded approach of the curriculum ensures that students enter as learners but leave as professionals with unique skill sets. The numerous on-the-field exposure, opportunities of externships and internships allow the students to make a well informed choice when deciding for specializations & eventual application for placements. In today's world businesses & nations are confronted with issues of climate change, embedding sustainability, maintaining biodiversity. IIFM has been preparing graduates who are exposed to these problems in the curriculum alongside the conventional management pedagogy.*

**Ashish Malik**  
PGDFM 2005-07  
Vice President, Wood Products  
Olam International

*The PGDFM at IIFM is not a traditionally designed academic masters, instead, the focus is on building practical exposure in an applied setting. IIFM prepares you to deal with professional challenges through regular academic discussions and a personalized mentoring system.*

**Rajat Shah**  
PGDFM 2016-18  
Cluster Manager – Dealership Business  
IDFC First Bank

# RECRUITING PARTNERS

# PGDFM 2021-23 SUMMARY

### ABHIJEET RAJPUT

**Qualification :** B.Tech, Urban Planning  
**Domicile State :** Maharashtra  
**Languages Known :** English, Marathi, Hindi

Abhijeet is a diligent and meticulous individual, always willing to push himself to complete complex tasks at work. His academic projects while completing his bachelor's degree provided him with a wealth of knowledge on field projects in the development sector, and he also shows interest in research work. He has always been a team player who enjoys coordinating and cooperating with his co-workers whenever possible.

**Summer Internship :** Think Through Consulting

**SIP Project :** Research and Documentation in Development sector advisory

**Key Skills :** MS Office Applications | SPSS and JASP (Statistical Analysis Software) | ArcGIS and AutoCAD (Mapping and Designing) | R & R studio | Tableau

### ABHISHEK ANAND

**Qualification :** B. Sc., Computer Application  
**Domicile State :** Jharkhand  
**Languages Known :** English, Hindi

Abhishek is an adaptive and focused individual, with a positive approach towards life. He is creative and sees challenges as an opportunity to improve daily. He believes in learning and gaining knowledge at every opportunity. He is a good team player who listens and sincerely takes responsibility for his work. His academic interest lies in Marketing and Organisational Behavior. He likes to play badminton and read books in his leisure time.

**Summer Internship :** Green Yatra

**SIP Project :** Research on Plant Species found in Upvan Vinod

**Key Skills :** MS Office | Adobe Spark | Positive Thinker | Creative Thinker

### AISHWARYA A. LAL

**Qualification :** Economics Hons, Energy Economics  
**Domicile State :** Uttarakhand  
**Languages Known :** English, Hindi

Aishwarya is a diligent and focused individual, determined to gain knowledge and skills in new subject areas and domains. Belonging to an energy studies background, she possesses knowledge in the disciplines of renewables and sustainability. She depicts a keen interest in research work. Her adaptive attitude towards new situations makes her suitable for dynamic tasks. She believes in attention to detail, teamwork, and coordination.

**Summer Internship :** IICI Foundation for Inclusive Growth

**SIP Project :** Financial Advisory Model: Push for Financial Inclusion

**Key Skills :** MS Office | Libre Office | JASP | Leadership Skills | Communication skills | Content writing

### AKASDEEP NATH

**Qualification :** B.Tech, Electronics and Communication  
**Domicile State :** West Bengal  
**Languages Known :** English, Bengali, Hindi

Akasdeep is a hardworking and adaptive person, ensuring punctuality in his tasks. He shows interest in learning new skills. He is a team player. He is an open-minded individual and believes in thoughts and different opinions. His hobbies include watching football and learning about music.

**Summer Internship :** People's Science Institute

**SIP Project :** Study of status of springs in Narainbagar block of Chamoli, Uttarakhand

**Key Skills :** MS Office | MATLAB | Team Player | Dynamic

### ABHISHEK KUMAR BARANWAL

**Qualification :** B.Sc., Physics, Chemistry, Mathematics  
**Domicile State :** Uttar Pradesh  
**Languages Known :** English, Hindi, Bhojpuri

Abhishek is an adaptive and enthusiastic person. His willingness to learn new skills and gain knowledge will be of immense help in his professional journey. He possesses an energetic attitude and ensures punctuality in his work. He is particularly interested in playing chess and Badminton.

**Summer Internship :** Skill Art and Beyond

**SIP Project :** Conceptualising and Designing development interventions for tribal villages in Ratapani region through participatory approach

**Key Skills :** MS Office | SPSS | Video Editing

### ABHISHEK SHRIVASTAVA

**Qualification :** B.E., Mechanical Engineering  
**Domicile State :** Madhya Pradesh  
**Languages Known :** English, Hindi  
**Work Exp. :** 20 months

Abhishek is a meticulous and organized person, who fulfills his responsibility with perseverance and sincerity. He is an experienced Brand Associate with a demonstrated history of working in the online education sector as a content editor (LRDI) & marketing executive and has done some internships in social media marketing. His interests and hobbies are calligraphy, painting, and poster making. He is reliable, trustworthy, and hardworking and his interest is in business research & analytics.

**Summer Internship :** Integrated Research and Action for Development

**SIP Project :** State of Environment Report for Himachal Pradesh

**Key Skills :** MS Office | JASP | SPSS | GRETL | Adobe Illustrator | SEO | Epi-info App

### AKASH MISHRA

**Qualification :** B.A, Maths  
**Domicile State :** Uttar Pradesh  
**Languages Known :** English, Hindi  
**Work Exp. :** 23 months

Akash is a punctual and goal-oriented individual. With a passion for chess, sports, and reading, he is particularly interested in taking up challenges and has a positive outlook on life. With his background in the domains of Mathematics and Economics, Akash is good with numbers and can perform analytical tasks comfortably.

**Summer Internship :** AISECT

**SIP Project :** Study and Demand of Sector Workforce Analysis

**Key Skills :** MS Office | Business Communication | Content Writing | Critical thinking | Financial Modelling

### AKASH YADAV

**Qualification :** B. Com, Commerce  
**Domicile State :** Uttar Pradesh  
**Languages Known :** English, Hindi

Akash is hardworking, goal-oriented, adaptive and a quick learner. He constantly makes an effort to learn new things and is comfortable working in a team with a variety of people. He is an adventurous person and a sports enthusiast. He has successfully completed internships in finance, HR, and supply chain. Possessing the quality of a team player, he is flexible enough to adjust to any environment.

**Summer Internship :** Dalmia Bharat

**SIP Project :** Working capital mgmt and challenges in financial mgmt of Dalmia Bharat Sugar.

**Key Skills :** MS Office Suite | Team management | Planning | Presentation | Interpersonal skills | JASP

### ALISHA SETH

**Qualification :** B. Com, Commerce  
**Domicile State :** Uttar Pradesh  
**Languages Known :** English, Hindi

Alisha is a highly motivated and self-starter person. Being a manager at 'Bharat Kulam Trust', she has gained a powerful desire to give back to society in the form of development. # PLACEMENT GUIDELINES, PLACEMENT CELL AND COMMITTEE CONTACT DETAILS

01

Organizations are invited to participate in the campus recruitment process and are requested to intimate their participation through the Placement Participation Form attached with this brochure.

02

The organization is required to communicate the detailed process requirements (number of selection rounds, panels, and process specific requirements) prior to the Placement process.

03

The organization is expected to deliver a Pre-Placement Talk (PPT) prior to the Final Placement Process. This would provide an opportunity for both students and the organization to know each other better and clarify the doubts.

04

Any job offer will be considered valid only when the job offer form is duly filled in by the organization's representative and is handed over to the Placement Chairperson of the Institute. The organization is requested not to communicate the offer to the candidate directly. A job offer must specify:

1. Position offered
2. Remuneration
3. Job description

05

The representatives of the organization should have the authority to make the final job offers immediately after the interviews.

06

The Institute shall host the representatives of the participating organizations and provide all necessary assistance to make their stay comfortable.

07

The Placement Committee will be glad to arrange for the stay of the representatives at IIFM. The Guest House facility will be extended as required.

## ABOUT BHOPAL

Known as the City of Lakes, Bhopal is the capital of Madhya Pradesh. Founded by Raja Bhoj, the city has many natural and artificial lakes and it is one of the greenest cities in the country. Bhopal has retained its old world charm despite industrialization, with the old part of the city being full of charming narrow alleyways and markets, while the new part of the city is better planned and is full of parks and garden.
