MESSAGE FROM THE VICE CHANCELLOR

O.P. Jindal Global University is recognized not only as a leading university, but also as a pioneering benchmark institution in the development of private higher education initiatives. The vision of the University is to promote global education across different disciplines. In the last few years, the University has witnessed remarkable developments related to teaching, research and institution building.

The programs at JGBS have established substantive international collaborations with multiple world-class universities to offer intellectually engaging and professionally relevant learning. The faculty members bring together a wealth of experience from academia and research, business and industry, government and inter-governmental organisations, as well as the civil society. The curriculum and courses covered bear in mind the need for management education to remain oriented towards problem-solving and to build leadership for addressing global business challenges.

PROFESSOR (DR.) C. RAJ KUMAR

Vice Chancellor O.P. Jindal Global University;
LL.B. (Delhi), B.C.L. (Oxford), LL.M. (Harvard), S.J.D (Hong Kong)

MESSAGE FROM THE DEAN

Welcome to the Jindal Global Business School (JGBS) at the O. P. Jindal Global University (JGU). As part of a world-ranked university, we are deeply committed to not only delivering contemporary and industry-relevant management education but also to providing an ecosystem to our students, helping them build and enhance their knowledge base, skill set, and personalities and eventually transform them into future-ready managers, leaders, and entrepreneurs who can make a positive and substantial impact in the world.

JGBS is uniquely positioned in multiple ways to provide an unparalleled experience for our students. First, interdisciplinarity is at the very core of our thought process not only at the business school but also at the university. JGBS students have access to numerous courses offered by the eleven other schools of JGU, giving them options to study elective courses in varied areas including law, liberal arts, international affairs, journalism, architecture, and psychology. Second, our global network of partnerships ensures that JGBS students have access to exciting short- and long-term international mobility options spread across five continents.

Third, our faculty-student ratio is among the best across business schools in India. Our faculty members have doctorates from some of the leading universities and business schools in India and abroad. Finally, JGBS is a research-intensive business school, and its faculty members regularly publish their research in top-ranked peer-reviewed management journals. This ensures that JGBS students get access to cutting-edge knowledge inside the classrooms.

If you are seeking a quality management degree programme that will adequately prepare you to not only compete but thrive in today's dynamic business environment, I can assure you that JGBS should be your top choice.

MBA COURSE

STRUCTURE 2 YEARS | 4 SEMESTERS

Business
Foundation

Field learning aims to give students the scope to receive practical experience and build important skills outside the classroom. Students get to associate with experts and industry professionals and can begin building a strong network. What's more, students get to learn about potential careers and can make informed decisions about them once they graduate.

Dual
Specialization/
Semester Exchange
or MS Dual Degree

December to January

August to November

Semester I

The first semester will cover a broad range of topics including organizational behaviour, microeconomics, accounting, consumers and markets, and the written analysis of communication. Students can also take up the study of a foreign language. The idea is to expose students to the diversity of learning that they will experience in this and subsequent semesters.

Representative subjects include:

Written Analysis of Communication
Organizational Behavior-1
Micro Economics
Introduction to Accounting
Foreign Language (Optional)
Introduction to Spreadsheet

Winter/Fall
Internship

February to May

Semester II

In the second semester, the focus will be on learning the basics of administering a business. So, alongside financial management, Technology Management and organizational behavior, students will get to learn the fundamentals of people management and verbal analysis of communication. Alongside, students can take up the study of a foreign language.

Representative subjects include:

Financial Management-1
Verbal Analysis of Communication
People Management
Consumer Behavior
Foreign Language (Optional)

Summer Internship

Field Learning looks to provide students with the opportunity to gain practical, hands-on experience and develop essential skills outside the classroom. Students will get to connect with professionals from the industry and start building their network. Most importantly, by working in a chosen field, students will get to learn about a potential career in the future and make an informed decision following graduation.

June to July

December to January

August to November

Semester III

The third semester will focus on topics that hold the key to understanding strategic management, legal aspects of business and the international business environment from strategic analysis, formulation and implementation perspectives. Alongside, students can take up the study of a foreign language. Apart from this, students also begin to specialize in a domain from this semester. Students can choose from a range of subjects including marketing management, financial management, operations management, human resource management, and business analytics.

Representative subjects include:

Strategic Management
International Business
Foreign Language (Optional)
Blockchain and AI for Business

February to May

Semester IV

The fourth semester will enable students to continue to specialize in a particular domain. Students can choose from a range of subjects including marketing management, financial management, operations management, human resource management, and business analytics. While the first two semesters ensure a broad understanding of business administration, the third and fourth semester is about gaining deeper knowledge and expertise in a chosen area of study.

Representative subjects include:

Business Ethics and Corporate Social Responsibility
Capstone Integrative Simulation

Electives (Semester III & IV), a selection from:

- Marketing Management
- Operations Management
- Business Analytics
- Financial Management
- Human Resource Management

CAREER DEVELOPMENT

Office of Career Services
